

Sixth Form Application Guidance

When deciding on your choice of subjects it is important to take your predicted GCSE grades and your future career aspirations into account. Certain careers such as medicine, engineering and physiotherapy have specific A Level requirements and this will inevitably influence your decision. Do your research – use your prospectus and talk to subject teachers. Please discuss with your tutor and your parents/carers and complete your application carefully.

You need to choose four subjects - **each choice must be from different blocks**. Please tick the box next to the subject name to indicate your choice, and then write in the spaces below your three main and one additional subject.
