\*classroom session

- Students will have study leave for the week.
- Most written exams will take place in the activity hall, with art, photography and DT being based in classrooms as advised by subject teachers.
- **Students must bring all the equipment they may need with them for every exam** – invigilators will not be able to hand out any equipment so please buy a pencil case and/or a calculator from school via sQuid before your exams start.
- Morning exams start at 9am and afternoon exams start at 1pm: students need to be waiting under the canopy 15 minutes before the exams are due to start so that they can be called into the activity hall by subject. If any of your exams are scheduled to finish after the end of school, eg if you have extra time, you may need to make alternative arrangements to get home or alternatively see if it can be re-scheduled by speaking to someone in the exams office.
