

# Trousers

Appropriate for school

These are examples from New Look and H&M. They are a slim fit but are made from a structured fabric that is durable and washes well without fading in appearance

# Black jeggings or skinny jeans are inappropriate for school

Please note that black jeans/jeggings can fade with washing giving them an informal appearance that is not suitable for school

# Casual cotton lycra leggings or shiny sports style leggings are inappropriate for school

These are clearly made for a more casual/sport setting. The fabric on both of these items can deteriorate quickly with frequent washing. This can cause them to become see-through and make them entirely inappropriate for school.

# Skirts

## Appropriate for school

These are acceptable style school skirts. They are made of tailored material and sit just above the knee. Pencil or pleated styles are appropriate.

Skirts that are made of thin, stretchy lycra material, which are mid-thigh length and above are not acceptable.

# Shoes

## Appropriate for school

Plain black, polishable trainers

Plain black ankle boots

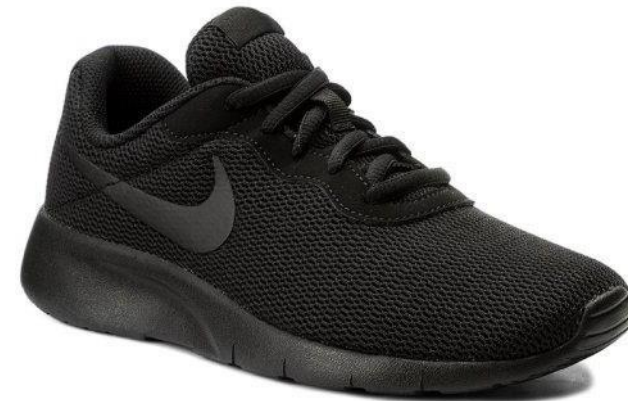

Plain black leather school shoes

# Examples of inappropriate Footwear - made from canvas or fabric and therefore not polishable.

Black canvas Vans

Black fabric Nike Trainers with a soft crepe sole

Black canvas Converse

Puma suede trainers
